

Job Corps Field Trip

February 2012 (day and time to be announced)

What is Job Corps?

- A **free** education and job training program, administered by the U.S. Department of Labor for **students age 16 to 24**.
- A residential program—most students live on one of the 120 campuses across the country
- A successful program that helps 70,000 students find promising careers each year
- A support network that helps students find jobs, transportation, housing, and health care after graduation.

What does Job Corps provide?

- Room and board
- Health care
- An allowance for everyday expenses
- A safe home without drugs or violence
- Education and job training
